Ginda Fisher has been teaching Modern Square Dancing at MITPE since 2013. Ginda first experience with square dance was when a friend recommended she try it with her daughter. She tried it, fell in love with the sport, and has been an avid dancer ever since! In addition to teaching physical education, Ginda has a career as an actuary and holds degree in Mathematics from Harvard University. For fun, Ginda enjoys square dancing (of course), gardening, and completing puzzles.
